WASHINGTON. Monday, Aug. 25, 1856.

I im credibly informed that the American Stat. Counsel of North Carolina have determined to recommend all the lodges of the state to cist their votes for Buchanan instead of Fills more. This edict has been privately communicated to the members of the order, and there is no reason to doubt that it will be carried out. The ground for taking such a course are that the late elections have proved that Mr. Fills more cannot carry a single Southern State, while the elections have proved that Mr. Fills more cannot carry a single Southern State, while there is no chance of his receiving any electoral votes from the North, and that it beshoves the South to present a united front in such a crisis as that she has now to pass through.

FEVER AND AGUE—CERTAIN CURE.

NO MORE USE FOR YOUR MINTURES, QUININE, Fowler's Solution, Arsende, deceury, or any of the villednone'r reassence compounds, which only relieve one disease to implant enother more desaily, and which sends its uniappy viet me findly, with a wrecked and broken constitution, to an early grave. Try Conter's Somail Mixture, which contains none of these dangerous drugs, but cures by acting speculically on the liver, purifying the blood and strengthening the system, thus enabling mature to recuperate its energies by opening the pores of the skin, and expolling from the looly all impurities and old medicines, which clog and tetard its tree operation. More then one thousand persons have been cured by Carter's Spanish Mixture, after every thing cless had signally failed. As a sample of its remarkable effects, Mosea, Davis & Hicks, of Autangaville, Ala, write us that it cured a gentleman of chronic tever and sene, which at the efforts of Physicians and their remedies could to it subdue. He only took three hottles. They say it sells very rapidly, and maintains its high reputation all through the country.

PHILADELPHIA Warch 20, 1855.

DEAR Star: During the last five years I have been afficited with Dyspeptia, in its most aggravated form, and have used, without receiving any benefit therefrom, every temedy recommenced for that disease. In fact, it was in great danger of dying from suffocation, in consequence of the rise of matter in my throat, and all my efforts for relief were it wan. I was at last induced, through the recommenced attorn of several of my friends, to try **Heochand's Clearman Bitters**, and I say use you the amount of relief I have received from the use of one bottle, is sat-ad-blag, and compels me to say mat I would not be without the Bitters for any money, as I san now through their use, enjoying better health than I have known tor toney years.
